## ON COURSE PROTOCOLS:

- **Walking only.** Please respect social distancing requirements. Get those steps in!
- **No outside staff** to assist with bags or bag storage. We miss seeing you!
- **On course restrooms are closed.** Please plan accordingly.
- **No flag/flagstick.** Now is your chance to get comfortable with the pin (well, PVC pipe) in. They're color coded so you know where you're going!
- **Cups are raised** so that the golf ball will hit the cup rather than go into the hole. No need to reach in!
- **No tee markers on the golf course.** Tee off where you feel comfortable!
- **Do not use others tees** you see on the tee box. For once sharing is not caring.
- **All divot mix stations + ball washers are removed** from the golf course. Our grounds crew will take care of those divots!
- **All bunker rakes are removed** from the golf course. You didn't want to be in the sand anyway, right?
- **Do not shake hands** with other golfers before or after your rounds. Smiles and verbal affirmation are in these days!

*Be safe and stay healthy!*
