I accepted that opportunity to finish that semester but ended up staying there until 2011 when I retired for good.

In basketball, she was a four-year letter winner and senior captain of the squad. With no archived statistics on record, her accolades are found in article after article from *The Observer*. She is the one going to the line and sinking her free throws. She is the one cited for driving in to score a clutch basket. She is credited as the leader and the one that stabilizes her team on the floor. Maureen is often noted as the spark her team needed. As *The Observer* articles list the

team's highs, she is often the one finishing in double digits points. Maureen was an impact player that set the bar for the athletes that followed. Mo and her teammates immediately established Saint Mary's College tennis as a competitive and respected program. Mo was part of the first Saint Mary's team to advance to Division III Nationals. - Favorite memory from high school basketball: This is a challenging question in some ways. There were no great victory moments from my time playing bball at Chatard. We didn't amass a winning record in my 4 years as a player. It was often hard to keep up our motivation and enthusiasm. We typically did so by having fun together –

at practice, on the bus, etc. Looking back, I can feel a sense of satisfaction that we kept “showing up,” even when the W column stayed nearly empty, and girls’ basketball wasn’t an especially celebrated sport at the time. These things ebb and flow and I am delighted that girls’ basketball has achieved more success, but I think we were successful, too, in different ways. Thanks!

- What have you done since coaching girls' basketball at Bishop Chatard?
  - I was always very proud of how we represented the school and ourselves each time we took the floor. Currently I am in my 25th year at Sullivan Hardware. Still being in the community and seeing many former players at the store located at 71st and Keystone. I did get married, yes, I found someone crazy enough to put up with me. This weekend is our 25th anniversary or I would have been there with bells on. Julie and I have five adult children that all graduated from Bishop Chatard. All four girls played basketball and our son played football. I'm very lucky to be part of the Norris family of student athletes. Favorite memories from coaching at Bishop Chatard:
- What are your favorite memories from coaching at Bishop Chatard?
  - Many fun memories come up when thinking about the good old days of Bishop Chatard. Liz Linden hitting the first three pointer in program history. Holding the ball against Tech, who had an Indiana All Star, score 5-2 at halftime we were very pumped, but the final did not turn out so good, maybe overthinking high school girls basketball. The constant improvement and intensity that the girls played with, Katie Condon, Jenny Sumpf, the Conner sisters, the Thatchers, Katlin McGonigal the Jennings sisters, Bibbs, Kavanaugh, and many others. The Christmas turkey tourneys Indy stars AAU. the weight room above the stage. We were surely the blue-collar team that other schools hated to play. I thought I was Bobby Knight so sorry for that but always remember those days with great pride.

It was a “unique” experience having both my uncle Paul Schnieders (Girls Varsity Head Coach) and my dad, Dave Schnieders (Freshman Head Coach) for my coaches during the first couple at BCHS. I remember when my sister, Katie Schnieders Boroski,

started playing for BCHS, I was a senior on Varsity at the time. She moved up to our squad quickly, and at one point during a game coach Laurie O'Brien yelled "Schnieders" and I hopped off the bench excitedly, and she said, "Not you! Your sister!" As my dad explained (ever so eloquently) to me later that night, I made my younger sister into the player that she was...not sure how true that was at the time, but I bought it. I remember my parents had surprised me for my Sweet 16th Birthday and had my team meet me at Fazoli's (which is now the Chick-fil-A) after practice to celebrate this milestone as we enjoyed their unlimited breadsticks and Lemon Ice drinks. It was a memorable four years!

- Post-secondary schooling: Indiana University
- Current situation
 

I am married with two little boys, Joey, and Anthony, who attend Christ the King School. I am employed at The Orchard School as a middle school resource teacher. I live on the northside of Indianapolis. I am excited about the new girls' basketball program and look forward to cheering on the Lady Trojans this year!
- Favorite memory from high school basketball: \_\_\_
  - My favorite memory as a player was the “fun” practices we would have leading up to Christmas break. We would listen to Christmas music, play all sorts of shooting games, and take-home Christmas prizes!
  - I will also always remember playing Cathedral the Wednesday night before Thanksgiving Break. It was consistently a competitive game and a blast to be a part of. The bleachers were always full, and it was a great way to kick off the long weekend!
  - As a JV coach, I will never forget the year that we beat Cathedral in the City Championship. The Junior leaders of that team were Aileen Eck, Ellen Allarding, Mackenzie Berg, and Jess Hupp. After losing to Cathedral in the regular season, we were determined to beat them in City and the girls worked so hard to reach that goal and we did!

### **1999-2004:**

Coach Dawn (Grinnage) Lamb:

- What have you done since coaching girls basketball at Bishop Chatard?
  - Right after leaving BCHS, I gave birth to my 3rd child, Ali, who is now a senior in high school. My son graduated from Purdue last year and is working as a microbiologist in Lincolnshire, IL and my daughter, Arielle, will be graduating from Purdue in May. I am remarried and currently living and teaching in West Lafayette.
  - Professionally, I left BCHS to develop the girls' basketball program at Guerin Catholic and while there I went back to school to get my teaching degree. I coached for three years and then left to help a former coach of mine at Lebanon. After a year, I decided it was time to give up coaching at the high school level because my kids were becoming too active and I didn't want to miss their events, so I took at teaching position at Westfield High School and taught there for 10 years. I also went back to school two additional times for my Masters in Education and my administrator's license.
- Favorite memories from coaching at Chatard: I would have to say that my favorite memories were the ones off the court. Our team campouts, our summer youth camps, and our Free throw Frenzy. This is where I think true team building develops and as a coach that's what you want to see. Events where the emphasis was on fun and friendship instead of winning and losing.
- Coach Grinnage's records:
  - Her teams finished with a combined record of 42-63 winning 40% of their games
  - Her team in 2000-01 finished runner up in the City Tournament

## **2004-2008 & 2011-2015:**

Coach Kevin Sweeney:

- What have you done since coaching girls basketball at Bishop Chatard?
  - I Coached at Carmel High School for one year and I am currently Director of Operations and Finance at St. Elizabeth Seton.
  - Married with five boys that are active in the Carmel system for Cross Country, Swimming, Track, Diving and Lacrosse keeping me busy.
- Favorite memories from coaching at Bishop Chatard:
  - I have so many great memories from when I started as an assistant in 1988, to coaching many Chatard players in AAU with Indy Stars, to winning the school's first sectional championship in 2005 (that team set a tone and an example for teams to follow lead by the seniors), winning the first regional and semi-state advancing to the state championship in 2008, and winning two more regionals in 2014, and 2015. That 2007-2008 team was an incredibly close and driven group of players who competed so hard for each other to overcome a lot of adversity during the season. They set lofty goals and beat incredibly talented teams to compete for the state championship.

- So many memories of watching players and teams improve over the course of the season, too many to cover. Overcoming adversities such as injuries, hard losses, tough demanding practices, and many expectations placed on them, especially seniors. I always felt at home in this gym, even when coaching at other schools. This was the gym I wanted to be in coaching and the players I wanted to coach. That's why I always wanted to come back. I got more than my fair share of "The Best of Times!", coaching at Bishop Chatard. I am and will always be grateful for the opportunity to coach at Bishop Chatard.
- Coach Sweeney's records:
  - His teams finished with a combined record of 142-57 winning 71% of their games. This is the all-time highest winning percentage in school history.
  - His team in 2004-05 won the first Sectional championship in school history
  - His team in 2005-06 won Sectionals.
  - His team in 2006-07 finished runner up in the City Tournament
  - His team in 2007-08 won Sectionals, the first Regional in school history, the first semi-state in school history and finished runner up to the State Champions.
  - His team in 2011-12 finished runner up in Sectionals
  - His team in 2012-13 finished runner up in the City Tournament and in Sectionals
  - His team in 2013-14 finished runner up in the City Tournament, won the Hanover Tournament, won Sectionals and Regionals.
